22 treatment, when follow-up data are available. The courts shall develop
23 these evaluations in consultation with the juvenile rehabilitation
24 administration, the family policy council, and the Washington state

36		\$16,157,000
37	TOTAL APPROPRIATION	((\$1,007,622,000))

The appropriations in this subsection are subject to the following conditions and limitations:

(a) \$103,989,000 of the general fund--state appropriation for fiscal year 2008 and \$104,080,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for persons and services not covered by the medicaid program. These funds shall be distributed proportionally to each regional support network's percentage of the total state population.

(b) \$16,900,000 of the general fund--state appropriation for fiscal year 2008 and \$16,900,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for the department and regional support networks to contract for development and initial implementation of high-intensity program for active community treatment (PACT) teams, and other proven program approaches that the department concurs will enable the regional support network to achieve significant reductions during fiscal year 2008 and thereafter in the number of beds the regional support network would otherwise need to use at the state hospitals.

(c) The number of nonforensic beds allocated for use by regional support networks at eastern state hospital shall be 222 per day throughout fiscal year 2008. Beginning January 1, 2009, the number of nonforensic beds allocated for use by regional support networks at eastern state hospital shall be 192 per day. The number of nonforensic beds allocated for use by regional support networks at western state hospital shall be 777 per day during the first and second quarters of fiscal year 2008, and 677 per day from January 2008 through August 2008. (d) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional

1 support networks reimburse the aging and disability services
2 administration for the general fund--state cost of medicaid personal
3 care services that enrolled regional support network consumers use
4 because of their psychiatric disability.

5 ~~(e) ((Within amounts appropriated in this subsection, the~~
6 ~~department shall contract with the Clark county regional support~~
7 ~~network for development and operation of a project demonstrating~~
8 ~~collaborative methods for providing intensive mental health services in~~
9 ~~the school setting for severely emotionally disturbed children who are~~
10 ~~medicaid eligible. Project services shall be delivered by teachers and~~
11 ~~teaching assistants who qualify as, or who are under the supervision~~
12 ~~of, mental health professionals meeting the requirements of chapter~~
13 ~~275-57 WAC. The department shall increase medicaid payments to the~~
14 ~~regional support network by the amount necessary to cover the necessary~~
15 ~~and allowable costs of the demonstration, not to exceed the upper~~
16 ~~payment limit specified for the regional support network in the~~
17 ~~department's medicaid waiver agreement with the federal government~~
18 ~~after meeting all other medicaid spending requirements assumed in this~~
19 ~~subsection. The regional support network shall provide the required~~
20 ~~nonfederal share of the increased medicaid payment provided for~~
21 ~~operation of this project.~~

22 ~~(f))~~ At least \$902,000 of the federal block grant funding
23 appropriated in this subsection shall be used for the continued

26 fiscal year 2008 and \$5,000,000 of the general fund--state
27 appropriation for fiscal year 2009 are provided solely for mental
28 health services for mentally ill offenders while confined in a county
29 or city jail and for facilitating access to programs that offer mental
30 health services upon release from confinement. The department is
31 authorized to transfer up to \$418,000 of these amounts each fiscal year
32 to the economic services program for purposes of facilitating prompt
33 access after their release from confinement to medical and income
34 assistance services for which defendants and offenders may be eligible.

35 ~~((h))~~ (g) \$1,500,000 of the general fund--state appropriation for
36 fiscal year 2008 and \$1,500,000 of the general fund--state
37 appropriation for fiscal year 2009 are provided solely for grants for
38 innovative mental health service delivery projects. Such projects may

1 include, but are not limited to, clubhouse programs and projects for
2 integrated health care and behavioral health services for general
3 assistance recipients. These amounts shall supplement, and not
4 supplant, local or other funding currently being used for activities
5 funded under the projects authorized in this subsection.

6 ~~((+i))~~ (h) The department is authorized to continue to expend
7 federal block grant funds and special purpose federal grants through
8 direct contracts, rather than through contracts with regional support
9 networks, and to allocate such funds through such formulas as it shall
10 adopt.

11 ~~((+j))~~ (i) The department is authorized to continue to contract
12 directly, rather than through contracts with regional support networks,
13 for children's long-term inpatient facility services.

14 ~~((+k))~~ (j) \$2,250,000 of the general fund--state appropriation for
15 fiscal year 2008, \$2,250,000 of the general fund--state appropriation
16 for fiscal year 2009, and \$4,500,000 of the general fund--federal
17 appropriation are provided solely for the continued operation of
18 community residential and support services for persons who are older
19 adults or who have co-occurring medical and behavioral disorders and
20 who have been discharged or diverted from a state psychiatric hospital.
21 These funds shall be used to serve individuals whose treatment needs
22 constitute substantial barriers to community placement, who no longer
23 require active psychiatric treatment at an inpatient hospital level of
24 care, and who no longer meet the criteria for inpatient involuntary
25 commitment. Coordination of these services will be done in partnership
26 between the mental health program and the aging and disability services
27 administration.

28 ~~((+l))~~ (k) \$750,000 of the general fund--state appropriation for
29 fiscal year 2008 and \$750,000 of the general fund--state appropriation
30 for fiscal year 2009 are provided solely to continue performance-based
31 incentive contracts to provide appropriate community support services
32 for individuals with severe mental illness who were discharged from the
33 state hospitals as part of the expanding community services initiative.
34 These funds will be used to enhance community residential and support
35 services provided by regional support networks through other state and
36 federal funding.

37 ~~((+m) \$2,979,000))~~ (l) \$2,981,000 of the general fund--state
38 appropriation for fiscal year 2008, ~~((+\$3,249,000))~~ \$3,248,000 of the

1 general fund--state appropriation for fiscal year 2009, and
2 (~~(\$2,040,000)~~) \$2,016,000 of the general fund--federal appropriation
3 are provided solely to modify the department's proposed new payment
4 rates for medicaid inpatient psychiatric services. Under the
5 department's proposed rate system, effective August 1, 2007, each
6 hospital's inpatient psychiatric payment rate would have been set at a
7 percentage of that hospital's estimated per diem cost for psychiatric
8 inpatient care during the most recent rebasing year. Within the amount
9 provided in this subsection (1)(m), beginning August 1, 2007, each
10 hospital's inpatient psychiatric payment rate shall instead be set at
11 the greater of a percentage of: (i) The hospital's estimated per diem
12 cost for psychiatric inpatient care during the most recent rebasing
13 year; or (ii) the statewide average per diem cost for psychiatric
14 inpatient care during the most recent rebasing year, adjusted for
15 regional wage differences and for differences in medical education
16 costs. At least thirty days prior to implementing adjustments to
17 regional support network medicaid capitation rates and nonmedicaid
18 allocations to account for changes in psychiatric inpatient payment
19 rates, the department shall report on the proposed adjustments to the
20 appropriations committee of the house of representatives and the ways
21 and means committee of the senate.

22 (~~((n))~~) (m) \$6,267,000 of the general fund--state appropriation for
23 fiscal year 2008 and \$6,462,000 of the general fund--(~~federal~~) state
24 appropriation for fiscal year 2009 are provided solely to increase
25 nonmedicaid psychiatric inpatient payment rates over fiscal year 2005
26 levels. It is expected that nonmedicaid rates will be set at
27 approximately 85 percent of each hospital's medicaid psychiatric
28 inpatient rate. At least thirty days prior to implementing adjustments
29 to regional support network medicaid capitation rates and nonmedicaid
30 allocations to account for changes in psychiatric inpatient payment
31 rates, the department shall report on the proposed adjustments to the
32 appropriations committee of the house of representatives and the ways
33 and means committee of the senate.

34 (~~((o) \$7,363,000)~~) (n) \$7,396,000 of the general fund--state
35 appropriation for fiscal year 2008, (~~(\$15,028,000)~~) \$15,146,000 of the
36 general fund--state appropriation for fiscal year 2009, and \$13,927,000
37 of the general fund--federal appropriation are provided solely to
38 increase regional support network medicaid capitation rates, or fee-

1 for-service rates paid instead of those capitation rates, and
2 nonmedicaid allocations by 3.0 percent effective July 1, 2007, and by
3 an additional 3.0 percent effective July 1, 2008. The federal portion
4 of these rate increases is contingent upon federal approval. (i) The
5 legislature intends and expects that regional support networks and
6 community mental health agencies will use at least 67 percent of the
7 amounts provided in this subsection (1)(o) to increase compensation for
8 direct care personnel above and beyond usual and customary wage
9 increases. To this end, regional support networks shall report to the
10 department by October 15, 2007, on planned uses of the rate increases
11 within their network area. The report shall describe the direct care
12 job classifications to which increases are to be provided; the number
13 of full-time equivalent personnel employed in each classification; the
14 annualized dollar and percentage increases to be provided each
15 classification; the annualized dollar value of the direct care
16 compensation increases provided, in total and as a percentage of the
17 total rate increase; and the number of personnel in each job
18 classification covered by a collective bargaining agreement. The
19 department shall summarize and analyze the regional plans, and report
20 findings, options, and recommendations to the legislature by December
21 1, 2007. (ii) Regional support networks shall maintain documentation
22 of how the rate increases have been applied. Such documentation shall
23 be subject to audit by the department. (iii) For purposes of this
24 subsection (1)(o), "direct care staff" means persons employed by
25 community mental health agencies whose primary responsibility is
26 providing direct treatment and support to people with mental illness,
27 or whose primary responsibility is providing direct support to such
28 staff in areas such as client scheduling, client intake, client
29 reception, client records-keeping, and facilities maintenance. In
30 agencies that provide both mental health and chemical dependency
31 services, nonmedicaid funds may also be used for compensation increases
32 for direct care staff whose primary responsibility is direct care and
33 treatment for people with chemical dependency problems.

34 ((~~p~~)) (o) \$2,021,000 of the general fund--state appropriation for
35 fiscal year 2008 and \$1,683,000 of the general fund--state
36 appropriation for fiscal year 2009 are provided solely for the
37 implementation of Substitute House Bill No. 1456 (mental health
38 professionals). If the bill is not enacted by June 30, 2007, the

1 amounts provided in this subsection shall lapse. For purposes of
2 organizing and delivering training as required by the bill, the
3 department may retain up to fifteen percent of the amount appropriated
4 for fiscal year 2008, and up to ten percent of the amount appropriated
5 for fiscal year 2009. The remainders shall be distributed to regional
6 support networks proportional to each network's percentage of the total
7 state population.

8 (p) \$135,000 of the general fund--state appropriation for fiscal
9 year 2008, \$3,031,000 of the general fund--state appropriation for
10 fiscal year 2009, and \$1,289,000 of the general fund--private/local
11 appropriation are provided solely to enable the department to contract
12 with Pierce county human services for the provision of community mental
13 health services to include crisis triage, evaluation and treatment, and
14 mobile crisis services. The legislature intends this to be one-time
15 funding while a replacement regional support network is being secured.
16 The department is authorized to reserve \$402,000 general fund--state
17 and \$201,000 general fund--local of these amounts for reasonable costs
18 incurred by Pierce county for the provision of mental health crisis and
19 related services that exceed reimbursement levels contracted by the
20 department. In order to receive these funds, Pierce county must
21 demonstrate to the department that the total cost of mental health
22 services provided by the county in accordance with formal agreements
23 has exceeded the revenues received from the department and third-party
24 payers for these services. The department shall determine the
25 documentation that is required.

26 (q) \$504,000 of the general fund--state appropriation for fiscal
27 year 2008 and \$1,529,000 of the general fund--state appropriation for
28 fiscal year 2009 are provided solely to reimburse Pierce and Spokane
29 counties for the cost of conducting 180-day commitment hearings at the
30 state psychiatric hospitals.

31 (r) \$750,000 of the general fund--state appropriation for fiscal
32 year 2008 and \$1,500,000 of the general fund--state appropriation for
33 fiscal year 2009 are provided solely for the Spokane regional support
34 network to implement a comprehensive plan for reducing its utilization
35 of eastern state hospital. Key elements of the plan, which shall be
36 developed and implemented in consultation with and with the assistance
37 of the department, may include but shall not be limited to development
38 of additional crisis triage, crisis stabilization, and evaluation and

1 treatment beds; provision of housing assistance for high-utilizers of
2 hospital and jail services who are at risk of homelessness;
3 implementation of an intensive outpatient treatment team for persons
4 with co-occurring disorders and other special needs; and delivery of
5 respite care to assist elderly individuals avoid or return home after
6 hospitalization.

7 (s) \$6,250,000 of the general fund--state appropriation for fiscal
8 year 2009 is provided solely for regional support networks to increase
9 and improve delivery of nonmedicaid services. These funds shall be
10 distributed to regional support networks, other than Spokane and Pierce
11 county, proportional to each network's share of total population among
12 those networks.

13 (t) \$215,000 of the general fund--state appropriation for fiscal
14 year 2008 is provided solely to assist nongovernmental mental health
15 agencies in Pierce county with start-up and other extraordinary
16 administrative costs required by the conversion from a capitated to a
17 unit fee-based service delivery and billing system.

18 (u) \$15,000 of the general fund--state appropriation for fiscal
19 year 2008 and \$235,000 of the general fund--state appropriation for
20 fiscal year 2009 are provided solely for one-time grants for emergent
21 financial relief for clubhouses. In order to receive these funds, the
22 clubhouse must be able to demonstrate need to the department. The
23 department shall develop and implement a simplified application form.
24 The clubhouses shall provide financial documentation to the department
25 as requested to support their application. The amounts and quantity of
26 the individual grants shall be at the discretion of the department.

7		<u>\$1,366,637,000</u>

8 The appropriations in this subsection are subject to the following
9 conditions and limitations:

10 (a) The entire health services account appropriation, \$615,000 of
11 the general fund--state appropriation for fiscal year 2008, \$892,000 of
12 the general fund--state appropriation for fiscal year 2009, and
13 \$2,546,011 of the general fund--federal appropriation are provided
14 solely for health care benefits for agency home care workers who are
15 employed through state contracts for at least twenty hours a week. The
16 state contribution to the cost of health care benefits per
17 participating worker per month shall be no greater than \$532.00 in
18 fiscal year 2008 and \$585.00 in fiscal year 2009.

19 (b) Individuals receiving family support or high school transition
20 payments as supplemental security income (SSI) state supplemental
21 payments shall not become eligible for medical assistance under RCW

23 (c) \$4,903,000 of the general fund--state appropriation for fiscal
24 year 2008, \$9,295,000 of the general fund--state appropriation for
25 fiscal year 2009, and \$15,016,000 of the general fund--federal
26 appropriation are provided solely for community residential and support
27 services. Funding in this subsection shall be prioritized for (i)
28 residents of residential habilitation centers who are able to be
29 adequately cared for in community settings and who choose to live in
30 those community settings; (ii) clients without residential services who
31 are at immediate risk of institutionalization or in crisis; (iii)
32 children who are at risk of institutionalization or who are aging out
33 of other state services; and (iv) current home and community-based
34 waiver program clients who have been assessed as having an immediate
35 need for increased services. First priority shall be given to children
36 who are at risk of institutionalization. The department shall ensure
37 that the average cost per day for all program services other than
38 start-up costs shall not exceed \$300. In order to maximize the number

1 of clients served and ensure the cost-effectiveness of the waiver
2 programs, the department will strive to limit new client placement
3 expenditures to 90 percent of the budgeted daily rate. If this can be
4 accomplished, additional clients may be served with excess funds,
5 provided the total projected carry-forward expenditures do not exceed
6 the amounts estimated. The department shall electronically report to
7 the appropriate committees of the legislature, within 45 days following
8 each fiscal year quarter, the number of persons served with these
9 additional community services, where they were residing, what kinds of
10 services they were receiving prior to placement, and the actual
11 expenditures for all community services to support these clients.

17 who also have community protection issues. Funding in this subsection
18 shall be prioritized for (i) clients being diverted or discharged from
19 the state psychiatric hospitals; (ii) clients participating in the
20 dangerous mentally ill offender program; (iii) clients participating in
21 the community protection program; and (iv) mental health crisis
22 diversion outplacements. The department shall ensure that the average
23 cost per day for all program services other than start-up costs shall
24 not exceed \$349 in fiscal year 2008 and \$356 in fiscal year 2009. In
25 order to maximize the number of clients served and ensure the cost-
26 effectiveness of the waiver programs, the department will strive to
27 limit new client placement expenditures to 90 percent of the budgeted
28 daily rate. If this can be accomplished, additional clients may be
29 served with excess funds if the total projected carry-forward
30 expenditures do not exceed the amounts estimated. The department shall
31 implement the four new waiver programs such that decisions about
32 enrollment levels and the amount, duration, and scope of services
33 maintain expenditures within appropriations. The department shall
34 electronically report to the appropriate committees of the legislature,
35 within 45 days following each fiscal year quarter, the number of
36 persons served with these additional community services, where they
37 were residing, what kinds of services they were receiving prior to

1 placement, and the actual expenditures for all community services to

3 (e) (~~(\$13,598,000)~~) \$13,198,000 of the general fund--state
4 appropriation for fiscal year 2008, \$16,354,000 of the general fund--
5 state appropriation for fiscal year 2009, and \$8,579,000 of the general

10 of the general fund--state appropriation for fiscal year 2009 are for
11 state-only services for individuals with developmental disabilities, as
12 described in Second Substitute Senate Bill No. 5467 (developmental
13 disabilities). By January 1, 2008, and by November 1, 2008, the
14 department shall provide a status report to the appropriate policy and
15 fiscal committees of the legislature on the individual and family
16 services program for people with developmental disabilities, which
17 shall include the following information: The number of applicants for

26 consideration for this new funding shall be young adults with
27 developmental disabilities living with their family who need employment
28 opportunities and assistance after high school graduation. Services
29 shall be provided for both waiver and nonwaiver clients. The
30 legislature finds that some waiver clients are not receiving employment
31 services that are authorized under their waivers. Within the amounts
32 appropriated in this section, waiver clients must receive services as
33 authorized by their waiver, such as pathway to employment, while
34 waiting for paid employment to be developed. The department shall work
35 with the counties to establish a consistent proposed policy for minimum
36 direct service hours for clients, minimum hours of support, time frames
37 for seeking paid employment, and services provided under pathway to
38 employment while paid employment is sought. The department shall

1 report to the office of financial management and the appropriate
2 committees of the legislature on this proposal by November 1, 2008,
3 including estimated fiscal impacts and an option for making the policy
4 budget neutral for the current level of clients served. In order to
5 maximize the number of clients served, the department may serve
6 additional nonwaiver clients with unspent funds for waiver clients,
7 provided the total projected carry-forward expenditures do not exceed
8 the amounts estimated.

6 homes contracted as ARCs and EARCs shall be adjusted to reflect phase
7 one of a seventeen CARE level payment system. This will be in effect
8 until such time as the rates are consistent between adult family homes
9 and boarding homes for delivery of the same patient care levels.

10 (iii) Amounts provided in this section and in section 206 of this
11 act are sufficient to assist adult family home providers with the cost

22 The appropriations in this section are subject to the following
23 conditions and limitations:

24 (1) Based on quarterly expenditure reports and caseload forecasts,
25 if the department estimates that expenditures for the medical
26 assistance program will exceed the appropriations, the department shall
27 take steps including but not limited to reduction of rates or
28 elimination of optional services to reduce expenditures so that total
29 program costs do not exceed the annual appropriation authority.

30 (2) In determining financial eligibility for medicaid-funded
31 services, the department is authorized to disregard recoveries by
32 Holocaust survivors of insurance proceeds or other assets, as defined
33 in RCW 48.104.030.

34 (3) Sufficient amounts are appropriated in this section for the
35 department to continue podiatry services for medicaid-eligible adults.

36 (4) Sufficient amounts are appropriated in this section for the
37 department to provide an adult dental benefit that is at least
38 equivalent to the benefit provided in the 2003-05 biennium.

1 (5) In accordance with RCW 74.46.625, \$6,000,000 of the general
2 fund--federal appropriation is provided solely for supplemental
3 payments to nursing homes operated by public hospital districts. The
4 public hospital district shall be responsible for providing the
5 required nonfederal match for the supplemental payment, and the
6 payments shall not exceed the maximum allowable under federal rules.
7 It is the legislature's intent that the payments shall be supplemental
8 to and shall not in any way offset or reduce the payments calculated
9 and provided in accordance with part E of chapter 74.46 RCW. It is the
10 legislature's further intent that costs otherwise allowable for rate-
11 setting and settlement against payments under chapter 74.46 RCW shall
12 not be disallowed solely because such costs have been paid by revenues
13 retained by the nursing home from these supplemental payments. The
14 supplemental payments are subject to retrospective interim and final
15 cost settlements based on the nursing homes' as-filed and final
16 medicare cost reports. The timing of the interim and final cost
17 settlements shall be at the department's discretion. During either the
18 interim cost settlement or the final cost settlement, the department
19 shall recoup from the public hospital districts the supplemental
20 payments that exceed the medicaid cost limit and/or the medicare upper
21 payment limit. The department shall apply federal rules for
22 identifying the eligible incurred medicaid costs and the medicare upper
23 payment limit.

24 (6) \$1,111,000 of the health services account appropriation for
25 fiscal year 2008, \$1,110,000 of the health services account
26 appropriation for fiscal year 2009, \$5,402,000 of the general fund--
27 federal appropriation, \$1,590,000 of the general fund--state
28 appropriation for fiscal year 2008, and \$1,591,000 of the general
29 fund--state appropriation for fiscal year 2009 are provided solely for
30 grants to rural hospitals. The department shall distribute the funds
31 under a formula that provides a relatively larger share of the
32 available funding to hospitals that (a) serve a disproportionate share
33 of low-income and medically indigent patients and (b) have relatively
34 smaller net financial margins, to the extent allowed by the federal
35 medicaid program.

36 (7) \$10,546,000 of the health services account appropriation for
37 fiscal year 2008, \$10,546,000 of the health services account--state
38 appropriation for fiscal year 2009, and \$19,725,000 of the general

1 fund--federal appropriation are provided solely for grants to nonrural
2 hospitals. The department shall distribute the funds under a formula
3 that provides a relatively larger share of the available funding to
4 hospitals that (a) serve a disproportionate share of low-income and
5 medically indigent patients and (b) have relatively smaller net
6 financial margins, to the extent allowed by the federal medicaid
7 program.

8 (8) The department shall continue the inpatient hospital certified
9 public expenditures program for the 2007-2009 biennium. The program
10 shall apply to all public hospitals, including those owned or operated
11 by the state, except those classified as critical access hospitals or
12 state psychiatric institutions. The department shall submit ((a))
13 reports to the governor and legislature by November 1, 2007, and by
14 November 1, 2008, that evaluate((s)) whether savings continue to exceed
15 costs for this program. If the certified public expenditures (CPE)
16 program in its current form is no longer cost-effective to maintain,
17 the department shall submit a report to the governor and legislature
18 detailing cost-effective alternative uses of local, state, and federal
19 resources as a replacement for this program. During fiscal year 2008
20 and fiscal year 2009, hospitals in the program shall be paid and shall
21 retain (a) one hundred percent of the federal portion of the allowable
22 hospital cost for each medicaid inpatient fee-for-service claim payable
23 by medical assistance; and (b) one hundred percent of the federal
24 portion of the maximum disproportionate share hospital payment
25 allowable under federal regulations. Inpatient medicaid payments shall
26 be established using an allowable methodology that approximates the
27 cost of claims submitted by the hospitals. Payments made to each
28 hospital in the program in each fiscal year of the biennium shall be
29 compared to a baseline amount ((that is the total of (a) the total
30 ~~payment for claims for services rendered during the fiscal year~~
31 ~~calculated according to the methodology employed by the legislature in~~
32 ~~the omnibus appropriations act for implementation in fiscal year~~
33 ~~2008)). The baseline amount will be determined by the total of (a) the
34 inpatient claim payment amounts that would have been paid during the
35 fiscal year had the hospital not been in the CPE program, and (b)
36 disproportionate share hospital payment amounts paid to and retained by
37 each hospital during fiscal year 2005 that pertain to fiscal year 2005.
38 If payments during the fiscal year exceed the hospital's baseline~~

1 amount, no additional payments will be made to the hospital except the
2 federal portion of allowable disproportionate share hospital payments
3 for which the hospital can certify allowable match. If payments during
4 the fiscal year are less than the baseline amount, the hospital will be
5 paid a state grant equal to the difference between payments during the
6 fiscal year and the applicable baseline amount. Payment of the state
7 grant shall be made in the applicable fiscal year and ~~((is))~~
8 distributed in monthly payments. The grants will be recalculated and
9 redistributed as the baseline is updated during the fiscal year. The
10 grant payments are subject to an interim ~~((cost))~~ settlement within
11 eleven months after the end of the fiscal year. A final ~~((cost))~~
12 settlement shall be performed within two years after the end of the
13 related fiscal year. To the extent that ~~((a final cost))~~ either
14 settlement determines that a hospital has received funds in excess of
15 what it would have received ~~((under the methodology in place in fiscal~~
16 ~~year 2008))~~ as described in this subsection, the hospital must repay
17 ~~((these))~~ the excess amounts to the state when requested.
18 ~~(((\$74,066,000))~~ \$61,728,000 of the general fund--state appropriation
19 for fiscal year 2008, of which \$6,570,000 is appropriated in section
20 204(1) of this act and the balance in this section, and ~~(((\$59,776,000))~~
21 \$57,894,000 of the general fund--state appropriation for fiscal year
22 2009, of which \$6,570,000 is appropriated in section 204(1) of this act
23 and the balance in this section, are provided solely for state grants
24 for the participating hospitals.

25 (9) ~~(((\$7,314,000))~~ \$4,399,000 of the general fund--state
26 appropriation for fiscal year 2008, ~~(((\$7,800,000))~~ \$6,391,000 of the
27 general fund--state appropriation for fiscal year 2009, and
28 ~~(((\$48,995,000))~~ \$55,384,000 of the general fund--federal appropriation
29 are provided solely for development and implementation of a replacement
30 system for the existing medicaid management information system. The
31 amounts are conditioned on the department satisfying the requirements
32 of section 902 of this act.

33 (10) When a person is ineligible for medicaid solely by reason of
34 residence in an institution for mental diseases, the department shall
35 provide the person with the same benefits as he or she would receive if
36 eligible for medicaid, using state-only funds to the extent necessary.

37 (11) The department is authorized to use funds appropriated in this

1 section to purchase goods and supplies through direct contracting with
2 vendors when the department determines it is cost-effective to do so.

3 (12) The legislature affirms that it is in the state's interest for
4 Harborview medical center to remain an economically viable component of
5 the state's health care system.

6 (13) The department shall, within available resources, continue
7 operation of the medical care services care management pilot project
8 for clients receiving general assistance benefits in King and Pierce
9 counties. The project may use a full or partial capitation model that
10 includes a mechanism for shared savings.

11 (14) \$1,688,000 of the general fund--state appropriation for fiscal
12 year 2008 and \$1,689,000 of the general fund--state appropriation for
13 fiscal year 2009 are provided solely to incorporate a mental health
14 service component to the pilot project established pursuant to
15 subsection (13) of this section. Addition of the mental health service
16 component authorized in this subsection is contingent upon the managed
17 care contractor or the participating counties providing, alone or in
18 combination, matching funds in cash or in kind, in an amount equal to
19 one-ninth of the amounts appropriated in this subsection. The mental
20 health service component may include care coordination, mental health
21 services, and integrated medical and mental health service delivery for
22 general assistance clients with mental health disorders, as well as
23 primary care provider training and education. The department shall
24 provide a report to the appropriate committees of the legislature by
25 January 1, 2009, on costs, savings, and any outcomes or quality
26 measures associated with the pilot projects during calendar year 2007
27 and 2008. To the extent possible, the report shall address any impact
28 that the mental health services component has had upon clients' use of
29 medical services, including but not limited to primary care physician's
30 visits, emergency room utilization, and prescription drug utilization.

31 (15) \$341,000 of the health services account appropriation for
32 fiscal year 2008, \$1,054,000 of the health services account
33 appropriation for fiscal year 2009, and \$1,461,000 of the general
34 fund--federal appropriation are provided solely to implement Second
35 Substitute House Bill No. 1201 (foster care youth medical). If the
36 bill is not enacted by June 30, 2007, the amounts provided in this
37 subsection shall lapse.

1 (16) (~~(\$6,529,000)~~) \$6,728,000 of the general fund--state
2 appropriation for fiscal year 2008 and (~~(\$6,651,000)~~) \$8,563,000 of the
3 general fund--state appropriation for fiscal year 2009 are provided
4 solely to provide full benefit dual eligible beneficiaries with
5 medicare part D prescription drug copayment coverage in accordance with
6 chapter 3, Laws of 2007 (part D copayment drug program).

7 (17) The department shall conduct a study to determine the
8 financial impact associated with continuing to cover brand name
9 medications versus the same medication in its generic form. The study
10 shall account for all rebates paid to the state on each product studied
11 up until the point where the generic form is less expensive, net of
12 federally required rebates. The department shall submit its report to
13 the legislative fiscal committees by December 1, 2007.

14 (18) \$198,000 of the general fund--state appropriation for fiscal
15 year 2008 and \$268,000 of the general fund--state appropriation for
16 fiscal year 2009 are provided solely for the first two years of a four-
17 year project by the Seattle-King county health department to improve
18 management of symptoms and reduce complications related to asthma among
19 medicaid eligible children. The department shall contract with the
20 Seattle-King county health department to have trained community health
21 workers visit medicaid eligible children in their homes to identify and
22 reduce exposure to asthma triggers, improve clients' self-management
23 skills, and coordinate clients' care with their primary care and
24 specialty providers. The contract shall include an evaluation of the
25 impact of the services provided under the contract on urgent
26 physician's visits, emergency room utilization, and inpatient
27 hospitalization.

28 (19) (~~(\$2,450,000)~~) \$1,529,000 of the general fund--state
29 appropriation for fiscal year 2008 and (~~(\$1,950,000)~~) \$2,871,000 of the
30 general fund--state appropriation for fiscal year 2009 are provided
31 solely for development and implementation of an outreach program as
32 provided in chapter 5, Laws of 2007 (Second Substitute Senate Bill No.
33 5093, health services for children).

34 (a) By December 15, 2007, the department shall provide a report to
35 the appropriate committees of the legislature on the progress of
36 implementing the following activities:

37 (~~(a)~~) (i) Feasibility study and implementation plan to develop

1 online application capability that is integrated with the department's
2 automated client eligibility system;

3 ~~((b))~~ (ii) Development of data linkages with the office of

5 enrollment information and the department of early learning for child

7 ~~((e))~~ (iii) Informing insurers and providers when their
8 enrollees' eligibility is going to expire so insurers and providers can
9 help families reenroll;

10 ~~((d))~~ (iv) Outreach contracts with local governmental entities,
11 community based organizations, and tribes;

12 ~~((e))~~ (v) Results of data sharing with outreach contractors, and
13 other contracted entities such as local governments, community-based
14 organizations, tribes, health care providers, and insurers to engage,
15 enroll, and reenroll identified children;

16 ~~((f))~~ (vi) Results of efforts to maximize federal matching funds,
17 wherever possible; and

18 ~~((g))~~ (vii) Plans for sustaining outreach programs proven to be
19 successful.

20 (b)(i) Within the amounts provided under this subsection (19),
21 sufficient funding is provided to the department to develop and
22 implement in conjunction with the employment security department a plan
23 that would:

24 (A) Allow applicants and recipients of unemployment insurance to
25 request assistance with obtaining health coverage for household
26 members; and

27 (B) Authorize the exchange of information between the employment
28 security department and the department of social and health services to
29 more efficiently determine eligibility for health coverage under
30 chapter 74.09 RCW.

31 (ii) The plan developed in (b)(i) of this subsection should address
32 permissible uses of federal employment security funding and
33 infrastructure, identification of any necessary statutory changes, and
34 cost information. The department shall submit the plan in a report to
35 the governor and the appropriate committees of the legislature by
36 November 15, 2008.

37 (20) \$640,000 of the general fund--state appropriation for fiscal

1 year 2008 and \$616,000 of the general fund--state appropriation for

6 2006 in a medicare advantage plan sponsored by an entity accredited by
7 the national committee for quality assurance and for whom the
8 department had been paying Part C premium as of November 2006; and

9 (b) Undertake, directly or by contract, a study to determine the
10 cost-effectiveness of paying premiums for enrollment of full benefit
11 dual eligible beneficiaries in medicare advantage plans in lieu of
12 paying full benefit dual eligible beneficiaries' medicare cost-sharing.
13 The study shall compare the cost and health outcomes experience,
14 including rates of nursing home placement and costs for groups of full
15 benefit dual eligible beneficiaries who are enrolled in medicare
16 advantage plans, in medicare special needs plan or in medicare fee-for-
17 service. The study shall compare the health status and utilization of
18 health and long-term care services for the three groups, and the impact
19 of access to a medical home and specialty care, over a period of two
20 years to determine any differences in health status, health outcomes,
21 and state expenditures that result. The department shall submit the
22 results of the study to the governor and the legislature by June 30,
23 2009. The department is authorized to accept private cash and in-kind
24 donations and grants to support the study and evaluation.

25 (c) Track enrollment and expenditures for this population on
26 department monthly management reports.

27 (21) The department may not transition to managed care delivery any
28 population that has been primarily served under fee-for-service
29 delivery unless the department first conducts a cost-effectiveness
30 evaluation of the transition, including an evaluation of historical
31 data on utilization patterns, and finds that the transition would
32 result in a more effective and cost-efficient form of service delivery,
33 pursuant to RCW 74.09.470. Any such finding must be provided to the
34 governor and the legislature no less than ninety days before the
35 transition begins.

36 (22) \$756,000 of the general fund--state appropriation for fiscal
37 year 2008, \$1,193,000 of the general fund--state appropriation for

2 fund--federal appropriation are provided solely to implement sections
3 5, 7, 8, and 11 of Second Substitute House Bill No. 1088 (children's
4 mental health). If the bill is not enacted by June 30, 2007, the
5 amounts provided in this subsection shall lapse.

6 ~~((+22))~~ (23) \$288,000 of the general fund--state appropriation for
7 fiscal year 2008, \$277,000 of the general fund--state appropriation for
8 fiscal year 2009, and \$566,000 of the general fund--federal
9 appropriation are provided solely for the implementation of Engrossed
10 Second Substitute Senate Bill No. 5930 (blue ribbon comm/health care).

12 this subsection shall lapse.

13 ~~((+23)---\$150,000))~~ (24) \$45,000 of the general fund--state
14 appropriation for fiscal year 2008 is provided solely for the
15 department of social and health services, in consultation with the
16 health care authority and the employment security department, to
17 prepare and submit a report and recommendations to the governor and the
18 legislature related to coverage of low-wage workers enrolled on state
19 plans who are employed by employers with more than fifty employees.
20 The report shall address multiple approaches, including but not limited
21 to the proposal included in House Bill No. 2094 (taxpayer health care
22 fairness act). The discussion of each approach included in the report
23 should identify how the approach would further the goal of shared
24 responsibility for coverage of low-wage workers, obstacles to
25 implementation and options to address them, and estimated
26 implementation costs. The report shall be submitted on or before
27 November 15, 2007. The agencies shall establish a workgroup, which
28 shall be closely involved and consulted in the development of the
29 report and recommendations under this subsection. The workgroup shall
30 include the following participants: Persons or organizations
31 representing large employers in the retail, agricultural and grocery
32 trades, other large employers, organizations representing employees of

35 organizations representing employees of state and local governmental
36 entities. In addition, the workgroup shall include three members from
37 each of the two largest caucuses of the house of representatives,

7 pursuant to Senate Bill No. 6421 (smoking cessation). If the bill is
8 not enacted by June 30, 2008, the amounts provided in this subsection
9 shall lapse.

10 (26) As part of the five-year plan on state purchasing to improve
11 health care quality under chapter 259, Laws of 2007, the department, in

12 in a given month exceeds the first of the month full-time equivalent
13 enrollment count by 5 percent, an additional state allocation of 110
14 percent of the share that such increased enrollment would have

28 (b) As used in this subsection, the column headings "BA+(N)" refer
 29 to the number of credits earned since receiving the baccalaureate
 30 degree.

31 (c) For credits earned after the baccalaureate degree but before
 32 the masters degree, any credits in excess of forty-five credits may be
 33 counted after the masters degree. Thus, as used in this subsection,
 34 the column headings "MA+(N)" refer to the total of:

1 (i) Credits earned since receiving the masters degree; and
2 (ii) Any credits in excess of forty-five credits that were earned
3 after the baccalaureate degree but before the masters degree.
4 (5) For the purposes of this section:
5 (a) "BA" means a baccalaureate degree.
6 (b) "MA" means a masters degree.
7 (c) "PHD" means a doctorate degree.
8 (d) "Years of service" shall be calculated under the same rules
9 adopted by the superintendent of public instruction.
10 (e) "Credits" means college quarter hour credits and equivalent in-
11 service credits computed in accordance with RCW 28A.415.020 and
12 28A.415.023.
13 (6) No more than ninety college quarter-hour credits received by
14 any employee after the baccalaureate degree may be used to determine
15 compensation allocations under the state salary allocation schedule and
16 LEAP documents referenced in this act, or any replacement schedules and
17 documents, unless:
18 (a) The employee has a masters degree; or
19 (b) The credits were used in generating state salary allocations
20 before January 1, 1992.
21 (7) The certificated instructional staff base salary specified for
22 each district in LEAP Document 2 and the salary schedules in subsection
23 (4)(a) of this section include two learning improvement days. A school
24 district is eligible for the learning improvement day funds only if the
25 learning improvement days have been added to the 180- day contract
26 year. If fewer days are added, the additional learning improvement
27 allocation shall be adjusted accordingly. The additional days shall be
28 limited to specific activities identified in the state required school
29 improvement plan related to improving student learning that are
30 consistent with education reform implementation, and shall not be
31 considered part of basic education. The principal in each school shall
32 assure that the days are used to provide the necessary school- wide,
33 all staff professional development that is tied directly to the school
34 improvement plan. The school principal and the district superintendent
35 shall maintain documentation as to their approval of these activities.
36 The length of a learning improvement day shall not be less than the
37 length of a full day under the base contract. The superintendent of

1 public instruction shall ensure that school districts adhere to the
2 intent and purposes of this subsection.

3 (8) The salary allocation schedules established in this section are
4 for allocation purposes only except as provided in RCW 28A.400.200(2)
5 and subsection (7) of this section.

6 **Sec. 504.** 2007 c 522 s 504 (uncodified) is amended to read as
7 follows:

8 **FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SCHOOL EMPLOYEE**
9 **COMPENSATION ADJUSTMENTS**

10	General Fund--State Appropriation (FY 2008)	((\$161,665,000))

17		<u>\$566,783,000</u>

18 The appropriations in this section are subject to the following
19 conditions and limitations:

20 (1) ((~~\$444,366,000~~)) \$500,195,000 is provided solely for the
21 following:

22 (a) A cost of living adjustment of 3.7 percent effective September
23 1, 2007, and another ((~~2.8~~)) 3.9 percent effective September 1, 2008,
24 pursuant to Initiative Measure No. 732.

25 (b) An additional .5 percent cost of living adjustment is provided
26 above the amount required by Initiative Measure No. 732, effective
27 September 1, 2008.

28 (c) Additional salary increases as necessary to fund the base
29 salaries for certificated instructional staff as listed for each
30 district in LEAP Document 2, defined in section 503(2)(b) of this act.
31 Allocations for these salary increases shall be provided to all 262
32 districts that are not grandfathered to receive salary allocations
33 above the statewide salary allocation schedule, and to certain
34 grandfathered districts to the extent necessary to ensure that salary
35 allocations for districts that are currently grandfathered do not fall
36 below the statewide salary allocation schedule. These additional
37 salary increases will result in a decrease in the number of

1 grandfathered districts from the current thirty-four to twenty-four in
2 the 2007-08 school year and to (~~thirteen~~) twelve in the 2008-09
3 school year.

4 (~~(e)~~) (d) Additional salary increases to certain districts as
5 necessary to fund the per full-time-equivalent salary allocations for
6 certificated administrative staff as listed for each district in LEAP
7 Document 2, defined in section 503(2)(b) of this act. These additional
8 salary increases shall ensure a minimum salary allocation for
9 certificated administrative staff of \$54,405 in the 2007-08 school year
10 and (~~(\$57,097)~~) \$57,986 in the 2008-09 school year.

11 (~~(d)~~) (e) Additional salary increases to certain districts as
12 necessary to fund the per full-time-equivalent salary allocations for
13 classified staff as listed for each district in LEAP Document 2,
14 defined in section 503(2)(b) of this act. These additional salary
15 increases ensure a minimum salary allocation for classified staff of
16 \$30,111 in the 2007-08 school year and (~~(\$31,376)~~) \$31,865 in the
17 2008-09 school year.

18 (~~(e)~~) (f) The appropriations in this subsection (1) include
19 associated incremental fringe benefit allocations at rates (~~(13.49)~~)
20 13.47 percent for the 2007-08 school year and (~~(16.05)~~) 16.11 percent
21 for the 2008-09 school year for certificated staff and (~~(13.56)~~) 13.54
22 percent for the 2007-08 school year and (~~(15.24)~~) 15.22 percent for the
23 2008-09 school year for classified staff.

24 (~~(f)~~) (g) The appropriations in this section include the
25 increased portion of salaries and incremental fringe benefits for all
26 relevant state-funded school programs in part V of this act. Increases
27 for general apportionment (basic education) are based on the salary
28 allocation schedules and methodology in sections 502 and 503 of this
29 act. Increases for special education result from increases in each
30 district's basic education allocation per student. Increases for
31 educational service districts and institutional education programs are
32 determined by the superintendent of public instruction using the
33 methodology for general apportionment salaries and benefits in sections
34 502 and 503 of this act.

35 (~~(g)~~) (h) The appropriations in this section provide cost of

2 follows:

3 **FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR PUPIL TRANSPORTATION**

4	General Fund--State Appropriation (FY 2008)	((\$262,728,000))
5		<u>\$273,409,000</u>

9	Appropriation	\$25,000,000
10	TOTAL APPROPRIATION	((\$552,428,000))
11		<u>\$574,919,000</u>

12 The appropriations in this section are subject to the following
13 conditions and limitations:

14 (1) Each general fund fiscal year appropriation includes such funds
15 as are necessary to complete the school year ending in the fiscal year
16 and for prior fiscal year adjustments.

17 (2) A maximum of \$848,000 of this fiscal year 2008 appropriation
18 and a maximum of ((~~\$866,000~~)) \$878,000 of the fiscal year 2009
19 appropriation may be expended for regional transportation coordinators
20 and related activities. The transportation coordinators shall ensure
21 that data submitted by school districts for state transportation
22 funding shall, to the greatest extent practical, reflect the actual
23 transportation activity of each district.

24 (3) \$5,000 of the fiscal year 2008 appropriation and \$5,000 of the
25 fiscal year 2009 appropriation are provided solely for the
26 transportation of students enrolled in "choice" programs.
27 Transportation shall be limited to low-income students who are
28 transferring to "choice" programs solely for educational reasons.

29 (4) Allocations for transportation of students shall be based on
30 reimbursement rates of \$44.84 per weighted mile in the 2007-08 school
31 year and ((~~\$45.48~~)) \$45.68 per weighted mile in the 2008-09 school year
32 exclusive of salary and benefit adjustments provided in section 504 of
33 this act. Allocations for transportation of students transported more
34 than one radius mile shall be based on weighted miles as determined by
35 superintendent of public instruction multiplied by the per mile
36 reimbursement rates for the school year pursuant to the formulas
37 adopted by the superintendent of public instruction. Allocations for
38 transportation of students living within one radius mile shall be based

1 on the number of enrolled students in grades kindergarten through five
2 living within one radius mile of their assigned school multiplied by
3 the per mile reimbursement rate for the school year multiplied by 1.29.

4 (5) \$25,000,000 of the education legacy trust account--state
5 appropriation is provided solely for temporary assistance to school
6 districts for pupil transportation programs. The office of the

9 allocating these funds to school districts. The allocation method
10 shall be based primarily on the findings and analysis from the joint
11 legislative and audit review committee's K-12 pupil transportation
12 study completed in December 2006.

13 (6) The office of the superintendent of public instruction shall
14 provide reimbursement funding to a school district only after the
15 superintendent of public instruction determines that the school bus was

17 a comparable competitive bid process based on the lowest price quote
18 based on similar bus categories to those used to establish the list

20 (7) The superintendent of public instruction shall base
21 depreciation payments for school district buses on the five-year
22 average of lowest bids in the appropriate category of bus. In the
23 final year on the depreciation schedule, the depreciation payment shall
24 be based on the lowest bid in the appropriate bus category for that
25 school year.

3 The appropriations in this section are subject to the following
4 conditions and limitations:

5 (1) Funding for special education programs is provided on an excess
6 cost basis, pursuant to RCW 28A.150.390. School districts shall ensure
7 that special education students as a class receive their full share of
8 the general apportionment allocation accruing through sections 502 and
9 504 of this act. To the extent a school district cannot provide an
10 appropriate education for special education students under chapter
11 28A.155 RCW through the general apportionment allocation, it shall
12 provide services through the special education excess cost allocation
13 funded in this section.

14 (2)(a) The superintendent of public instruction shall ensure that:

15 (i) Special education students are basic education students first;

16 (ii) As a class, special education students are entitled to the
17 full basic education allocation; and

18 (iii) Special education students are basic education students for
19 the entire school day.

20 (b) The superintendent of public instruction shall adopt the full
21 cost method of excess cost accounting, as designed by the committee and
22 recommended by the superintendent, pursuant to section 501(1)(k),
23 chapter 372, Laws of 2006, and ensure that all school districts adopt
24 the method beginning in the 2007-08 school year.

25 (3) Each fiscal year appropriation includes such funds as are
26 necessary to complete the school year ending in the fiscal year and for
27 prior fiscal year adjustments.

28 (4) The superintendent of public instruction shall distribute state
29 funds to school districts based on two categories: (a) The first
30 category includes (i) children birth through age two who are eligible
31 for the optional program for special education eligible developmentally
32 delayed infants and toddlers, and (ii) students eligible for the
33 mandatory special education program and who are age three or four, or
34 five and not yet enrolled in kindergarten; and (b) the second category
35 includes students who are eligible for the mandatory special education
36 program and who are age five and enrolled in kindergarten and students
37 age six through 21.

1 (5)(a) For the 2007-08 and 2008-09 school years, the superintendent
2 shall make allocations to each district based on the sum of:

3 (i) A district's annual average headcount enrollment of students
4 ages birth through four and those five year olds not yet enrolled in
5 kindergarten, as defined in subsection (4) of this section, multiplied
6 by the district's average basic education allocation per full-time
7 equivalent student, multiplied by 1.15; and

8 (ii) A district's annual average full-time equivalent basic
9 education enrollment multiplied by the funded enrollment percent
10 determined pursuant to subsection (6)(b) of this section, multiplied by
11 the district's average basic education allocation per full-time
12 equivalent student multiplied by 0.9309.

13 (b) For purposes of this subsection, "average basic education
14 allocation per full-time equivalent student" for a district shall be
15 based on the staffing ratios required by RCW 28A.150.260 and shall not
16 include enhancements, secondary vocational education, or small schools.

17 (6) The definitions in this subsection apply throughout this
18 section.

19 (a) "Annual average full-time equivalent basic education
20 enrollment" means the resident enrollment including students enrolled
21 through choice (RCW 28A.225.225) and students from nonhigh districts
22 (RCW 28A.225.210) and excluding students residing in another district
23 enrolled as part of an interdistrict cooperative program (RCW
24 28A.225.250).

25 (b) "Enrollment percent" means the district's resident special
26 education annual average enrollment, excluding the birth through age
27 four enrollment and those five year olds not yet enrolled in
28 kindergarten, as a percent of the district's annual average full-time
29 equivalent basic education enrollment.

30 Each district's general fund--state funded special education
31 enrollment shall be the lesser of the district's actual enrollment
32 percent or 12.7 percent.

33 (7) At the request of any interdistrict cooperative of at least 15
34 districts in which all excess cost services for special education
35 students of the districts are provided by the cooperative, the maximum
36 enrollment percent shall be calculated in accordance with subsection
37 (6)(b) of this section, and shall be calculated in the aggregate rather
38 than individual district units. For purposes of this subsection, the

1 average basic education allocation per full-time equivalent student
2 shall be calculated in the aggregate rather than individual district
3 units.

4 (8) To the extent necessary, (~~(\$30,690,000)~~) \$53,926,000 of the
5 general fund--state appropriation and \$29,574,000 of the general fund--
6 federal appropriation are provided for safety net awards for districts
7 with demonstrated needs for special education funding beyond the
8 amounts provided in subsection (5) of this section. If the federal
9 safety net awards based on the federal eligibility threshold exceed the
10 (~~amount appropriated~~) federal appropriation in this subsection (8) in
11 any fiscal year, the superintendent shall expend all available federal
12 discretionary funds necessary to meet this need. Safety net funds
13 shall be awarded by the state safety net oversight committee subject to
14 the following conditions and limitations:

15 (a) The committee shall consider unmet needs for districts that can
16 convincingly demonstrate that all legitimate expenditures for special
17 education exceed all available revenues from state funding formulas.
18 In the determination of need, the committee shall also consider
19 additional available revenues from federal sources. Differences in
20 program costs attributable to district philosophy, service delivery
21 choice, or accounting practices are not a legitimate basis for safety
22 net awards. In the determination of need, the committee shall require
23 that districts demonstrate that they are maximizing their eligibility
24 for all state and federal revenues related to services for special
25 education-eligible students. Awards associated with (b) and (c) of
26 this subsection shall not exceed the total of a district's specific
27 determination of need.

28 (b) The committee shall then consider the extraordinary high cost
29 needs of one or more individual special education students.
30 Differences in costs attributable to district philosophy, service
31 delivery choice, or accounting practices are not a legitimate basis for
32 safety net awards.

33 (c) Using criteria developed by the committee, the committee shall
34 then consider extraordinary costs associated with communities that draw
35 a larger number of families with children in need of special education
36 services. The safety net awards to school districts shall be adjusted
37 to reflect amounts awarded under (b) of this subsection.

1 (d) The maximum allowable indirect cost for calculating safety net
2 eligibility may not exceed the federal restricted indirect cost rate
3 for the district plus one percent.

4 (e) Safety net awards must be adjusted for any audit findings or
5 exceptions related to special education funding.

6 (f) Safety net awards shall be adjusted based on the percent of
7 potential medicaid eligible students billed as calculated by the
8 superintendent in accordance with chapter 318, Laws of 1999. The state
9 safety net oversight committee shall ensure that safety net
10 documentation and awards are based on current medicaid revenue amounts.

11 (9) The superintendent of public instruction may adopt such rules
12 and procedures as are necessary to administer the special education
13 funding and safety net award process. Prior to revising any standards,
14 procedures, or rules, the superintendent shall consult with the office
15 of financial management and the fiscal committees of the legislature.

16 (10) The safety net oversight committee appointed by the
17 superintendent of public instruction shall consist of:

18 (a) One staff from the office of superintendent of public
19 instruction;

20 (b) Staff of the office of the state auditor who shall be nonvoting
21 members of the committee; and

22 (c) One or more representatives from school districts or
23 educational service districts knowledgeable of special education
24 programs and funding.

25 (11) The office of the superintendent of public instruction shall
26 review and streamline the application process to access safety net
27 funds, provide technical assistance to school districts, and annually
28 survey school districts regarding improvement to the process.

29 (12) A maximum of \$678,000 may be expended from the general fund--
30 state appropriations to fund 5.43 full-time equivalent teachers and 2.1
31 full-time equivalent aides at children's orthopedic hospital and
32 medical center. This amount is in lieu of money provided through the
33 home and hospital allocation and the special education program.

34 (13) A maximum of \$1,000,000 of the general fund--federal
35 appropriation is provided for projects to provide special education
36 students with appropriate job and independent living skills, including
37 work experience where possible, to facilitate their successful

1 transition out of the public school system. The funds provided by this
2 subsection shall be from federal discretionary grants.

3 (14) \$50,000 of the general fund--state appropriation for fiscal
4 year 2008, \$50,000 of the general fund--state appropriation for fiscal
5 2009, and \$100,000 of the general fund--federal appropriation shall be
6 expended to support a special education ombudsman program within the
7 office of superintendent of public instruction. The purpose of the
8 program is to provide support to parents, guardians, educators, and
9 students with disabilities. The program will provide information to
10 help families and educators understand state laws, rules, and
11 regulations, and access training and support, technical information
12 services, and mediation services. The ombudsman program will provide
13 data, information, and appropriate recommendations to the office of
14 superintendent of public instruction, school districts, educational
15 service districts, state need projects, and the parent and teacher
16 information center. Within the appropriations in this section there is
17 sufficient funding provided to also provide at least a half-time
18 support staff position for the special education ombudsman program.

19 (15) The superintendent shall maintain the percentage of federal
20 flow-through to school districts at 85 percent. In addition to other
21 purposes, school districts may use increased federal funds for high-
22 cost students, for purchasing regional special education services from
23 educational service districts, and for staff development activities
24 particularly relating to inclusion issues.

25 (16) A maximum of \$1,200,000 of the general fund--federal
26 appropriation may be expended by the superintendent for projects
27 related to use of inclusion strategies by school districts for
28 provision of special education services.

29 (17) The superintendent, consistent with the new federal IDEA
30 reauthorization, shall continue to educate school districts on how to
31 implement a birth-to-three program and review the cost effectiveness
32 and learning benefits of early intervention.

33 (18) A school district may carry over from one year to the next
34 year up to 10 percent of the general fund--state funds allocated under
35 this program; however, carryover funds shall be expended in the special
36 education program.

37 (19) \$262,000 of the general fund--state appropriation for fiscal
38 year 2008 and \$251,000 of the general fund--state appropriation for

1 fiscal year 2009 are provided solely for two additional full-time
2 equivalent staff to support the work of the safety net committee and to
3 provide training and support to districts applying for safety net
4 awards.

4 retirement system that the employer participates in during the ensuing
5 biennium or fiscal year whichever may be required. Such sum is to be
6 computed in an amount directly proportional to the estimated entire
7 expense of the administration as the ratio of monthly salaries of the

28 (a) Every six months the department shall determine the amount of
29 an employer's fee by reviewing the timeliness and accuracy of the

21 statistics.

22 (b) For the fiscal biennium beginning July 1, 2003, and each
23 biennium thereafter, the state treasurer shall transfer two million
24 nine hundred eighty-four thousand dollars from the general fund into
25 the violence reduction and drug enforcement account, divided into eight
26 quarterly payments. The amounts transferred pursuant to this
27 subsection (4)(b) shall be used solely for providing drug and alcohol
28 treatment services to offenders confined in a state correctional
29 facility who are assessed with an addiction or a substance abuse
30 problem that if not treated would result in addiction.

31 (c) In each odd-numbered year, the legislature shall appropriate
32 the amount transferred to the criminal justice treatment account in (a)
33 of this subsection to the division of alcohol and substance abuse for
34 the purposes of subsection (5) of this section.

35 (5) Moneys appropriated to the division of alcohol and substance
36 abuse from the criminal justice treatment account shall be distributed
37 as specified in this subsection. The department shall serve as the
38 fiscal agent for purposes of distribution. Until July 1, 2004, the

1 department may not use moneys appropriated from the criminal justice
2 treatment account for administrative expenses and shall distribute all
3 amounts appropriated under subsection (4)(c) of this section in
4 accordance with this subsection. Beginning in July 1, 2004, the
5 department may retain up to three percent of the amount appropriated
6 under subsection (4)(c) of this section for its administrative costs.

7 (a) Seventy percent of amounts appropriated to the division from
8 the account shall be distributed to counties pursuant to the
9 distribution formula adopted under this section. The division of
10 alcohol and substance abuse, in consultation with the department of
11 corrections, the sentencing guidelines commission, the Washington state
12 association of counties, the Washington state association of drug court
13 professionals, the superior court judges' association, the Washington
14 association of prosecuting attorneys, representatives of the criminal
15 defense bar, representatives of substance abuse treatment providers,
16 and any other person deemed by the division to be necessary, shall
17 establish a fair and reasonable methodology for distribution to
18 counties of moneys in the criminal justice treatment account. County
19 or regional plans submitted for the expenditure of formula funds must
20 be approved by the panel established in (b) of this subsection.

21 (b) Thirty percent of the amounts appropriated to the division from
22 the account shall be distributed as grants for purposes of treating
23 offenders against whom charges are filed by a county prosecuting
24 attorney. The division shall appoint a panel of representatives from
25 the Washington association of prosecuting attorneys, the Washington
26 association of sheriffs and police chiefs, the superior court judges'
27 association, the Washington state association of counties, the
28 Washington defender's association or the Washington association of
29 criminal defense lawyers, the department of corrections, the Washington
30 state association of drug court professionals, substance abuse
31 treatment providers, and the division. The panel shall review county
32 or regional plans for funding under (a) of this subsection and grants
33 approved under this subsection. The panel shall attempt to ensure that
34 treatment as funded by the grants is available to offenders statewide.

35 (6) The county alcohol and drug coordinator, county prosecutor,
36 county sheriff, county superior court, a substance abuse treatment
37 provider appointed by the county legislative authority, a member of the
38 criminal defense bar appointed by the county legislative authority,

1 and, in counties with a drug court, a representative of the drug court
2 shall jointly submit a plan, approved by the county legislative
3 authority or authorities, to the panel established in subsection (5)(b)
4 of this section, for disposition of all the funds provided from the
5 criminal justice treatment account within that county. The funds shall
6 be used solely to provide approved alcohol and substance abuse
7 treatment pursuant to RCW 70.96A.090 and treatment support services.
8 No more than ten percent of the total moneys received under subsections
9 (4) and (5) of this section by a county or group of counties
10 participating in a regional agreement shall be spent for treatment
11 support services.

12 (7) Counties are encouraged to consider regional agreements and
13 submit regional plans for the efficient delivery of treatment under
14 this section.

15 (8) Moneys allocated under this section shall be used to
16 supplement, not supplant, other federal, state, and local funds used
17 for substance abuse treatment.

18 (9) Counties must meet the criteria established in RCW
19 2.28.170(3)(b).

20 **Sec. 919.** RCW 70.105D.070 and 2007 c 341 s 30 are each amended to
21 read as follows:

22 (1) The state toxics control account and the local toxics control
23 account are hereby created in the state treasury.

24 (2) The following moneys shall be deposited into the state toxics

26 imposed under RCW 82.21.030 and which are attributable to that portion
27 of the rate equal to thirty-three one-hundredths of one percent; (b)
28 the costs of remedial actions recovered under this chapter or chapter
29 70.105A RCW; (c) penalties collected or recovered under this chapter;
30 and (d) any other money appropriated or transferred to the account by
31 the legislature. Moneys in the account may be used only to carry out
32 the purposes of this chapter, including but not limited to the

5 chapter;

6 (iv) State matching funds required under the federal cleanup law;

8 chapters 70.95, 70.95C, 70.95I, and 70.105 RCW;

9 (vi) State government programs for the safe reduction, recycling,
10 or disposal of hazardous wastes from households, small businesses, and

14 programs;

15 (ix) Programs authorized under chapter 70.146 RCW;

16 (x) A public participation program, including regional citizen
17 advisory committees;

18 (xi) Public funding to assist potentially liable persons to pay for
19 the costs of remedial action in compliance with cleanup standards under
20 RCW 70.105D.030(2)(e) but only when the amount and terms of such
21 funding are established under a settlement agreement under RCW
22 70.105D.040(4) and when the director has found that the funding will
23 achieve both (A) a substantially more expeditious or enhanced cleanup
24 than would otherwise occur, and (B) the prevention or mitigation of
25 unfair economic hardship; and

26 (xii) Development and demonstration of alternative management
27 technologies designed to carry out the top two hazardous waste
28 management priorities of RCW 70.105.150.

29 (3) The following moneys shall be deposited into the local toxics
30 control account: Those revenues which are raised by the tax imposed
31 under RCW 82.21.030 and which are attributable to that portion of the
32 rate equal to thirty-seven one-hundredths of one percent.

33 (a) Moneys deposited in the local toxics control account shall be
34 used by the department for grants or loans to local governments for the
35 following purposes in descending order of priority:

36 (i) Remedial actions;

37 (ii) Hazardous waste plans and programs under chapter 70.105 RCW;

1 (iii) Solid waste plans and programs under chapters 70.95, 70.95C,
2 70.95I, and 70.105 RCW;

3 (iv) Funds for a program to assist in the assessment and cleanup of
4 sites of methamphetamine production, but not to be used for the initial
5 containment of such sites, consistent with the responsibilities and
6 intent of RCW 69.50.511; and

7 (v) Cleanup and disposal of hazardous substances from abandoned or
8 derelict vessels, defined for the purposes of this section as vessels
9 that have little or no value and either have no identified owner or
10 have an identified owner lacking financial resources to clean up and
11 dispose of the vessel, that pose a threat to human health or the
12 environment.

13 (b) Funds for plans and programs shall be allocated consistent with
14 the priorities and matching requirements established in chapters
15 70.105, 70.95C, 70.95I, and 70.95 RCW, except that any applicant that
16 is a Puget Sound partner, as defined in RCW 90.71.010, along with any
17 project that is referenced in the action agenda developed by the Puget
18 Sound partnership under RCW 90.71.310, shall, except as conditioned by
19 RCW 70.105D.120, receive priority for any available funding for any
20 grant or funding programs or sources that use a competitive bidding
21 process.

22 (c) Funds may also be appropriated to the department of health to
23 implement programs to reduce testing requirements under the federal
24 safe drinking water act for public water systems. The department of
25 health shall reimburse the account from fees assessed under RCW
26 70.119A.115 by June 30, 1995.

27 (4) Except for unanticipated receipts under RCW 43.79.260 through
28 43.79.282, moneys in the state and local toxics control accounts may be
29 spent only after appropriation by statute.

30 (5) One percent of the moneys deposited into the state and local
31 toxics control accounts shall be allocated only for public
32 participation grants to persons who may be adversely affected by a
33 release or threatened release of a hazardous substance and to not-for-
34 profit public interest organizations. The primary purpose of these
35 grants is to facilitate the participation by persons and organizations
36 in the investigation and remedying of releases or threatened releases
37 of hazardous substances and to implement the state's solid and
38 hazardous waste management priorities. However, during the 1999-2001

1 fiscal biennium, funding may not be granted to entities engaged in
2 lobbying activities, and applicants may not be awarded grants if their
3 cumulative grant awards under this section exceed two hundred thousand
4 dollars. No grant may exceed sixty thousand dollars. Grants may be
5 renewed annually. Moneys appropriated for public participation from
6 either account which are not expended at the close of any biennium
7 shall revert to the state toxics control account.

8 (6) No moneys deposited into either the state or local toxics
9 control account may be used for solid waste incinerator feasibility
10 studies, construction, maintenance, or operation, or, after January 1,
11 2010, for projects designed to address the restoration of Puget Sound,
12 funded in a competitive grant process, that are in conflict with the
13 action agenda developed by the Puget Sound partnership under RCW
14 90.71.310.

15 (7) The department shall adopt rules for grant or loan issuance and
16 performance.

17 (8) During the 2007-2009 fiscal biennium, the local toxics control
18 account may also be used for a standby rescue tug at Neah Bay.

19 **Sec. 920.** RCW 70.105D.070 and 2007 c 446 s 2 are each amended to

22 account are hereby created in the state treasury.

23 (2) The following moneys shall be deposited into the state toxics
24 control account: (a) Those revenues which are raised by the tax
25 imposed under RCW 82.21.030 and which are attributable to that portion
26 of the rate equal to thirty-three one-hundredths of one percent; (b)
27 the costs of remedial actions recovered under this chapter or chapter
28 70.105A RCW; (c) penalties collected or recovered under this chapter;
29 and (d) any other money appropriated or transferred to the account by
30 the legislature. Moneys in the account may be used only to carry out
31 the purposes of this chapter, including but not limited to the
32 following activities:

33 (i) The state's responsibility for hazardous waste planning,
34 management, regulation, enforcement, technical assistance, and public
35 education required under chapter 70.105 RCW;

36 (ii) The state's responsibility for solid waste planning,

8 (vi) State government programs for the safe reduction, recycling,
9 or disposal of hazardous wastes from households, small businesses, and
10 agriculture;

11 (vii) Hazardous materials emergency response training;

12 (viii) Water and environmental health protection and monitoring
13 programs;

14 (ix) Programs authorized under chapter 70.146 RCW;

15 (x) A public participation program, including regional citizen
16 advisory committees;

17 (xi) Public funding to assist potentially liable persons to pay for
18 the costs of remedial action in compliance with cleanup standards under
19 RCW 70.105D.030(2)(e) but only when the amount and terms of such
20 funding are established under a settlement agreement under RCW
21 70.105D.040(4) and when the director has found that the funding will
22 achieve both (A) a substantially more expeditious or enhanced cleanup
23 than would otherwise occur, and (B) the prevention or mitigation of
24 unfair economic hardship; and

25 (xii) Development and demonstration of alternative management
26 technologies designed to carry out the hazardous waste management
27 priorities of RCW 70.105.150.

28 (3) The following moneys shall be deposited into the local toxics
29 control account: Those revenues which are raised by the tax imposed
30 under RCW 82.21.030 and which are attributable to that portion of the
31 rate equal to thirty-seven one-hundredths of one percent.

32 (a) Moneys deposited in the local toxics control account shall be
33 used by the department for grants or loans to local governments for the
34 following purposes in descending order of priority: (i) Remedial
35 actions; (ii) hazardous waste plans and programs under chapter 70.105
36 RCW; (iii) solid waste plans and programs under chapters 70.95, 70.95C,
37 70.95I, and 70.105 RCW; (iv) funds for a program to assist in the
38 assessment and cleanup of sites of methamphetamine production, but not

1 to be used for the initial containment of such sites, consistent with
2 the responsibilities and intent of RCW 69.50.511; and (v) cleanup and
3 disposal of hazardous substances from abandoned or derelict vessels
4 that pose a threat to human health or the environment. For purposes of
5 this subsection (3)(a)(v), "abandoned or derelict vessels" means
6 vessels that have little or no value and either have no identified
7 owner or have an identified owner lacking financial resources to clean
8 up and dispose of the vessel. Funds for plans and programs shall be
9 allocated consistent with the priorities and matching requirements
10 established in chapters 70.105, 70.95C, 70.95I, and 70.95 RCW. During
11 the 1999-2001 fiscal biennium, moneys in the account may also be used
12 for the following activities: Conducting a study of whether dioxins
13 occur in fertilizers, soil amendments, and soils; reviewing
14 applications for registration of fertilizers; and conducting a study of
15 plant uptake of metals. During the 2005-2007 fiscal biennium, the
16 legislature may transfer from the local toxics control account to the
17 state toxics control account such amounts as specified in the omnibus
18 capital budget bill. During the 2005-2007 fiscal biennium, moneys in
19 the account may also be used for grants to local governments to
20 retrofit public sector diesel equipment and for storm water planning
21 and implementation activities.

22 (b) Funds may also be appropriated to the department of health to
23 implement programs to reduce testing requirements under the federal
24 safe drinking water act for public water systems. The department of
25 health shall reimburse the account from fees assessed under RCW
26 70.119A.115 by June 30, 1995.

27 (c) To expedite cleanups throughout the state, the department shall
28 partner with local communities and liable parties for cleanups. The
29 department is authorized to use the following additional strategies in
30 order to ensure a healthful environment for future generations:

31 (i) The director may alter grant-matching requirements to create
32 incentives for local governments to expedite cleanups when one of the
33 following conditions exists:

34 (A) Funding would prevent or mitigate unfair economic hardship
35 imposed by the clean-up liability;

36 (B) Funding would create new substantial economic development,
37 public recreational, or habitat restoration opportunities that would
38 not otherwise occur; or

1 (C) Funding would create an opportunity for acquisition and
2 redevelopment of vacant, orphaned, or abandoned property under RCW
3 70.105D.040(5) that would not otherwise occur;

4 (ii) The use of outside contracts to conduct necessary studies;

5 (iii) The purchase of remedial action cost-cap insurance, when
6 necessary to expedite multiparty clean-up efforts.

7 (4) Except for unanticipated receipts under RCW 43.79.260 through

9 spent only after appropriation by statute.

10 (5) One percent of the moneys deposited into the state and local
11 toxics control accounts shall be allocated only for public
12 participation grants to persons who may be adversely affected by a
13 release or threatened release of a hazardous substance and to not-for-
14 profit public interest organizations. The primary purpose of these
15 grants is to facilitate the participation by persons and organizations
16 in the investigation and remedying of releases or threatened releases
17 of hazardous substances and to implement the state's solid and
18 hazardous waste management priorities. However, during the 1999-2001
19 fiscal biennium, funding may not be granted to entities engaged in
20 lobbying activities, and applicants may not be awarded grants if their
21 cumulative grant awards under this section exceed two hundred thousand
22 dollars. No grant may exceed sixty thousand dollars. Grants may be
23 renewed annually. Moneys appropriated for public participation from
24 either account which are not expended at the close of any biennium
25 shall revert to the state toxics control account.

26 (6) No moneys deposited into either the state or local toxics
27 control account may be used for solid waste incinerator feasibility
28 studies, construction, maintenance, or operation.

30 performance.

31 (8) During the 2005-2007 fiscal biennium, the legislature may

15 shall appropriate and the departments of early learning and social and
16 health services shall expend funds defined in subsection (1) of this
17 section that constitute the working connections child care program,
18 child care quality programs, and child care licensing functions in a
19 manner that is consistent with the outcome measures defined in RCW
20 74.08A.410.

21 (c) No more than fifteen percent of the amount provided in
22 subsection (1) of this section may be spent for administrative
23 purposes. For the purpose of this subsection, "administrative
24 purposes" does not include expenditures for information technology and
25 computerization needed for tracking and monitoring required by P.L.
26 104-193. The department shall not increase grant levels to recipients
27 of the program authorized in RCW 74.08A.200 through 74.08A.330 and
28 43.330.145 and chapter 74.12 RCW, except as authorized in the omnibus
29 appropriations act for the 2007-2009 biennium.

30 (3) The department shall implement strategies that accomplish the
31 outcome measures identified in RCW 74.08A.410 that are within the
32 funding constraints in this section. Specifically, the department
33 shall implement strategies that will cause the number of cases in the
34 program authorized in RCW 74.08A.200 through 74.08A.330 and 43.330.145
35 and chapter 74.12 RCW to decrease by at least fifteen percent during
36 the 1997-99 biennium and by at least five percent in the subsequent
37 biennium. The department may transfer appropriation authority between

1 funding categories within the economic services program in order to
2 carry out the requirements of this subsection.

3 (4) The department shall monitor expenditures against the
4 appropriation levels provided for in subsection (1) of this section.
5 The department shall quarterly make a determination as to whether
6 expenditure levels will exceed available funding and communicate its
7 finding to the legislature. If the determination indicates that
8 expenditures will exceed funding at the end of the fiscal year, the
9 department shall take all necessary actions to ensure that all services
10 provided under this chapter shall be made available only to the extent
11 of the availability and level of appropriation made by the legislature.

12 **Sec. 923.** RCW 77.32.010 and 2006 c 57 s 1 are each amended to read
13 as follows:

14 (1) Except as otherwise provided in this chapter, a recreational
15 license issued by the director is required to hunt for or take wild
16 animals or wild birds, fish for, take, or harvest fish, shellfish, and
17 seaweed. A recreational fishing or shellfish license is not required
18 for carp, smelt, and crawfish, and a hunting license is not required
19 for bullfrogs.

20 (2) A permit issued by the department is required to park a motor
21 vehicle upon improved department access facilities.

22 (3) During the 2007-09 fiscal biennium to enable the implementation
23 of the pilot project established in section 307 of this act, a fishing
24 permit issued to a nontribal member by the Colville Tribes shall
25 satisfy the license requirements in subsection (1) of this section on
26 the waters of Lake Rufus Woods and on the north shore of Lake Rufus
27 Woods, and a Colville Tribes tribal member identification card shall
28 satisfy the license requirements in subsection (1) of this section on
29 all waters of Lake Rufus Woods.

30 **Sec. 924.** RCW 83.100.230 and 2005 c 514 s 1101 are each amended to
31 read as follows:

32 The education legacy trust account is created in the state
33 treasury. Money in the account may be spent only after appropriation.
34 Expenditures from the account may be used only for deposit into the
35 student achievement fund and for expanding access to higher education
36 through funding for new enrollments and financial aid, and other

1 educational improvement efforts. During the 2007-2009 fiscal biennium,
2 moneys in the account may also be transferred into the state general
3 fund.

4 **Sec. 925.** RCW 90.48.390 and 1991 sp.s. c 13 s 84 are each amended
5 to read as follows:

7 department as a revolving fund for carrying out the purposes of
8 restoration of natural resources under this chapter and chapter 90.56
9 RCW. To this fund there shall be credited penalties, fees, damages,
10 charges received pursuant to the provisions of this chapter and chapter
11 90.56 RCW, compensation for damages received under this chapter and
12 chapter 90.56 RCW, and an amount equivalent to one cent per gallon from
13 each marine use refund claim under RCW 82.36.330.

14 Moneys in the fund not needed currently to meet the obligations of
15 the department in the exercise of its powers, duties, and functions
16 under RCW 90.48.142, 90.48.366, 90.48.367, and 90.48.368 shall be
17 deposited with the state treasurer to the credit of the fund. During
18 the 2007-2009 fiscal biennium, the coastal protection fund may also be
19 used for a standby rescue tug at Neah Bay.

20 **Sec. 926.** RCW 90.71.310 and 2007 c 341 s 13 are each amended to
21 read as follows:

22 (1) The council shall develop a science-based action agenda that
23 leads to the recovery of Puget Sound by 2020 and achievement of the
24 goals and objectives established in RCW 90.71.300. The action agenda
25 shall:

26 (a) Address all geographic areas of Puget Sound including upland
27 areas and tributary rivers and streams that affect Puget Sound;

28 (b) Describe the problems affecting Puget Sound's health using
29 supporting scientific data, and provide a summary of the historical

31 levels of pollution and restorative actions that have established the
32 current health conditions of Puget Sound;

33 (c) Meet the goals and objectives described in RCW 90.71.300,
34 including measurable outcomes for each goal and objective specifically
35 describing what will be achieved, how it will be quantified, and how
36 progress towards outcomes will be measured. The action agenda shall

1 include near-term and long-term benchmarks designed to ensure
2 continuous progress needed to reach the goals, objectives, and
3 designated outcomes by 2020. The council shall consult with the panel
4 in developing these elements of the plan;

5 (d) Identify and prioritize the strategies and actions necessary to
6 restore and protect Puget Sound and to achieve the goals and objectives
7 described in RCW 90.71.300;

8 (e) Identify the agency, entity, or person responsible for
9 completing the necessary strategies and actions, and potential sources
10 of funding;

11 (f) Include prioritized actions identified through the assembled
12 proposals from each of the seven action areas and the identification
13 and assessment of ecosystem scale programs as provided in RCW
14 90.71.260;

15 (g) Include specific actions to address aquatic rehabilitation zone
16 one, as defined in RCW 90.88.010;

17 (h) Incorporate any additional goals adopted by the council; and

18 (i) Incorporate appropriate actions to carry out the biennial
19 science work plan created in RCW 90.71.290.

20 (2) In developing the action agenda and any subsequent revisions,
21 the council shall, when appropriate, incorporate the following:

22 (a) Water quality, water quantity, sediment quality, watershed,
23 marine resource, and habitat restoration plans created by governmental
24 agencies, watershed groups, and marine and shoreline groups. The
25 council shall consult with the board in incorporating these plans;

26 (b) Recovery plans for salmon, orca, and other species in Puget
27 Sound listed under the federal endangered species act;

28 (c) Existing plans and agreements signed by the governor, the
29 commissioner of public lands, other state officials, or by federal
30 agencies;

31 (d) Appropriate portions of the Puget Sound water quality
32 management plan existing on July 1, 2007.

33 (3) Until the action agenda is adopted, the existing Puget Sound
34 management plan and the 2007-09 Puget Sound biennial plan shall remain
35 in effect. The existing Puget Sound management plan shall also
36 continue to serve as the comprehensive conservation and management plan
37 for the purposes of the national estuary program described in section

1 320 of the federal clean water act, until replaced by the action agenda
2 and approved by the United States environmental protection agency as
3 the new comprehensive conservation and management plan.

4 (4) The council shall adopt the action agenda by (~~September~~)
5 December 1, 2008. The council shall revise the action agenda as
6 needed, and revise the implementation strategies every two years using
7 an adaptive management process informed by tracking actions and
8 monitoring results in Puget Sound. In revising the action agenda and
9 the implementation strategies, the council shall consult the panel and
10 the board and provide opportunity for public review and comment.
11 Biennial updates shall:

12 (a) Contain a detailed description of prioritized actions necessary
13 in the biennium to achieve the goals, objectives, outcomes, and
14 benchmarks of progress identified in the action agenda;

15 (b) Identify the agency, entity, or person responsible for
16 completing the necessary action; and

17 (c) Establish biennial benchmarks for near-term actions.

18 (5) The action agenda shall be organized and maintained in a single
19 document to facilitate public accessibility to the plan.

20 **Sec. 927.** RCW 90.71.370 and 2007 c 341 s 19 are each amended to
21 read as follows:

22 (1) By December 1, 2008, and by September 1st of each even-numbered
23 year beginning in (~~2008~~) 2010, the council shall provide to the
24 governor and the appropriate fiscal committees of the senate and house
25 of representatives its recommendations for the funding necessary to
26 implement the action agenda in the succeeding biennium. The
27 recommendations shall:

28 (a) Identify the funding needed by action agenda element;

29 (b) Address funding responsibilities among local, state, and
30 federal governments, as well as nongovernmental funding; and

31 (c) Address funding needed to support the work of the partnership,
32 the panel, the ecosystem work group, and entities assisting in
33 coordinating local efforts to implement the plan.

34 (2) In the 2008 report required under subsection (1) of this
35 section, the council shall include recommendations for projected
36 funding needed through 2020 to implement the action agenda; funding
37 needs for science panel staff; identify methods to secure stable and

1 sufficient funding to meet these needs; and include proposals for new
2 sources of funding to be dedicated to Puget Sound protection and
3 recovery. In preparing the science panel staffing proposal, the
4 council shall consult with the panel.

5 (3) By November 1st of each odd-numbered year beginning in 2009,
6 the council shall produce a state of the Sound report that includes, at
7 a minimum:

8 (a) An assessment of progress by state and nonstate entities in
9 implementing the action agenda, including accomplishments in the use of
10 state funds for action agenda implementation;

11 (b) A description of actions by implementing entities that are
12 inconsistent with the action agenda and steps taken to remedy the
13 inconsistency;

14 (c) The comments by the panel on progress in implementing the plan,
15 as well as findings arising from the assessment and monitoring program;

16 (d) A review of citizen concerns provided to the partnership and
17 the disposition of those concerns;

18 (e) A review of the expenditures of funds to state agencies for the
19 implementation of programs affecting the protection and recovery of
20 Puget Sound, and an assessment of whether the use of the funds is
21 consistent with the action agenda; and

22 (f) An identification of all funds provided to the partnership, and
23 recommendations as to how future state expenditures for all entities,
24 including the partnership, could better match the priorities of the
25 action agenda.

26 (4)(a) The council shall review state programs that fund facilities
27 and activities that may contribute to action agenda implementation. By
28 November 1, 2009, the council shall provide initial recommendations
29 regarding program changes to the governor and appropriate fiscal and
30 policy committees of the senate and house of representatives. By
31 November 1, 2010, the council shall provide final recommendations
32 regarding program changes, including proposed legislation to implement
33 the recommendation, to the governor and appropriate fiscal and policy
34 committees of the senate and house of representatives.

35 (b) The review in this subsection shall be conducted with the
36 active assistance and collaboration of the agencies administering these
37 programs, and in consultation with local governments and other entities
38 receiving funding from these programs:

1 (i) The water quality account, chapter 70.146 RCW;
2 (ii) The water pollution control revolving fund, chapter 90.50A

5 (iv) The aquatic lands enhancement account, RCW 79.105.150;
6 (v) The state toxics control account and local toxics control
7 account and clean-up program, chapter 70.105D RCW;
8 (vi) The acquisition of habitat conservation and outdoor recreation
9 land, chapter 79A.15 RCW;
10 (vii) The salmon recovery funding board, RCW 77.85.110 through
11 77.85.150;
12 (viii) The community economic revitalization board, chapter 43.160
13 RCW;
14 (ix) Other state financial assistance to water quality-related
15 projects and activities; and
16 (x) Water quality financial assistance from federal programs
17 administered through state programs or provided directly to local
18 governments in the Puget Sound basin.
19 (c) The council's review shall include but not be limited to:
20 (i) Determining the level of funding and types of projects and
21 activities funded through the programs that contribute to
22 implementation of the action agenda;
23 (ii) Evaluating the procedures and criteria in each program for
24 determining which projects and activities to fund, and their
25 relationship to the goals and priorities of the action agenda;
26 (iii) Assessing methods for ensuring that the goals and priorities
27 of the action agenda are given priority when program funding decisions
28 are made regarding water quality-related projects and activities in the
29 Puget Sound basin and habitat-related projects and activities in the
30 Puget Sound basin;
31 (iv) Modifying funding criteria so that projects, programs, and
32 activities that are inconsistent with the action agenda are ineligible
33 for funding;
34 (v) Assessing ways to incorporate a strategic funding approach for
35 the action agenda within the outcome-focused performance measures
36 required by RCW 43.41.270 in administering natural resource-related and
37 environmentally based grant and loan programs.

6 preservation of the public peace, health, or safety, or support of the
7 state government and its existing public institutions, and takes effect
8 immediately.

Passed by the House March 13, 2008.

Passed by the Senate March 13, 2008.

Approved by the Governor April 1, 2008, with the exception of certain items that were vetoed.

Filed in Office of Secretary of State April 2, 2008.

Note: Governor's explanation of partial veto is as follows:

"I am returning, without my approval as to Sections 103(14); 113(2); 114(2); 123(6); 123(12); 125(41); 125(62); 125(76); 125(78); 125(84); 127(11); 127(12); 147(5); 202(26); 202(27); 202(33); 202(34); 202(36); 203(9); 204(1)(u); 204(3)(b); 204(4)(b); 206(21); 209(29); 211, page 135, lines 30-35; 212(10); 216, page 143, lines 20-27; 218(19); 218(20); 222(37); 222(46); 222(51); 222(53); 224(1)(h); 224(1)(i); 302(27); 302(32); 302(33); 302(37); 302(39); 303(18); 307(31); 307(32); 307(44); 308(27); 311(5); 501(2)(a)(vi); 501(2)(a)(x); 501(2)(c)(xv); 501(2)(c)(xvi); 501(2)(c)(xviii); 507(4); 507(5); 507(6); 511(46); 511(48); 601(2); 605(14); 605(23); 605(24); 606(23); 606(24); 606(26); 606(27); 607(19); 607(22); 607(23); 608(7); 609(8); 610(13); 610(18); 611(9); 611(10); 612(8); 612(9); 613(9); and 906, Engrossed Substitute House Bill 2687 entitled:

"AN ACT Relating to fiscal matters."

I am vetoing the following sections because I disagree with the overall policy or direction, or for technical reasons that include alignment with vetoed bills, or bills that did not pass, drafting errors, and conflicts with existing statutes.

Section 114(2), page 16, Office of the Governor, Implementation of SB 6313 (disability history)

Funds were added to implement Senate Bill 6313, but the bill does not add duties to the Office of the Governor.

Section 123(12), pages 26-27, Attorney General, SSB 6385 (real property)

This proviso funds implementation of Substitute Senate Bill 6385 pertaining to real property, and stipulates that the appropriation shall lapse if the bill is not enacted. The Legislature did not pass the bill.

Section 125(84), page 48, Department of Community, Trade and Economic Development, Implementation of ESSB 5959 (Transitional Housing)

The proviso provides funds to administer the Transitional Housing Operating and Rent program if certain sections of Engrossed Substitute Senate Bill 5959 are enacted. The referenced sections were not included in the final version of the bill.

Section 127(11), page 52, Office of Financial Management, Implementation of E2SHB 2631 (Office of Regulatory Assistance)

This proviso funds the implementation of Engrossed Second Substitute House Bill 2631. The Legislature did not pass the bill.

Section 127(12), page 52, Office of Financial Management, Tracking I-960 Costs

The proviso requires the Office of Financial Management (OFM) to track all expenditures and FTE utilization in state government related to the responsibilities of Initiative 960, and to report to the fiscal committees of the Legislature by November 1, 2008. Although OFM is tracking its own expenditures, the majority of work in other agencies has already taken place so an additional expense of recreating records would be incurred throughout government.

Section 206(21), page 116, Department of Social and Health Services Aging and Adult Services, Long Term Care Worker Certification and Training

This proviso funds Engrossed Substitute House Bill 2693 relating to long-term care worker certification and training, and stipulates that the appropriation will lapse if the bill is not enacted. The Legislature did not pass the bill.

Section 211, page 135, lines 30-35, Department of Social and Health Service Special Commitment Center Program, Commitment Center Calls

This proviso funds implementation of Substitute House Bill 2756, pertaining to commitment center calls, and stipulates that the appropriation will lapse if the bill is not enacted. The Legislature did not pass the bill.

Section 216, page 143, lines 20-27, Board of Industrial Insurance Appeals, E2SHB 3139 (industrial insurance benefits on appeal)

The proviso funds the Board of Industrial Insurance Appeals to implement Engrossed Second Substitute House Bill 3139. However, the proviso requires the funds be used solely for the payment of benefits. The Board of Industrial Insurance Appeals adjudicates appeals but does not pay benefits, so it will be unable to use these funds to implement the bill.

Section 218(19), page 151, Department of Labor and Industries, ESSB 5831 (HVAC and refrigeration)

The proviso funds the Department of Labor and Industries to implement Engrossed Substitute Senate Bill 5831. However, the final version of the bill requires no additional money.

Section 218(20), page 151, Department of Labor and Industries, E2SHB 3139 (industrial insurance benefits on appeal)

The proviso funds the Department of Labor and Industries to implement Engrossed Second Substitute House Bill 3139. However, the funds are from the appropriated accident and medical aid accounts and the proviso requires the funds be used solely for the payment of benefits. The appropriated accident and medical aid accounts are the administrative accounts the Department uses for its industrial insurance operations and not for the payment of benefits. Benefits are paid from the non-appropriated portion of the accident and medical aid funds, so the department will be unable to use the funds provided to implement the bill.

Section 222(53), pages 165-166, Department of Health, Long Term Care Worker Certification and Training

This proviso funds Engrossed Substitute House Bill 2693, relating to long-term care worker certification and training, and stipulates that the appropriation will lapse if the bill is not enacted. The Legislature did not pass the bill.

Section 224(1)(h), pages 168-169, Department of Corrections Administration and Support Services, Advisory Committee

This proviso requires the Department of Corrections to establish the offenders in families advisory committee. The Department currently has voluntary family committees at each institution, making this requirement unnecessary.

Section 224(1)(i), pages 169-170, Department of Corrections Administration and Support Services, McNeil Island Corrections Center Closure Evaluation

This proviso requires the Department of Corrections to study the costs and benefits of closing McNeil Island Corrections Complex, but no funding is provided.

Section 302(32), page 189, Department of Ecology, E2SHB 3186, Beach Management Districts

I have vetoed the portion of Engrossed Second Substitute House Bill 3186 that places new requirements on state agencies for technical assistance, coordination, monitoring and assessment. Therefore, the funds will not be needed.

Section 302(33), page 189, Department of Ecology, 2SHB 3227, Hood Canal Water Quality

This proviso funds implementation of Second Substitute House Bill 3227, pertaining to Hood Canal Water Quality. The Legislature did not pass this bill.

Section 302(37), page 190, Department of Ecology, E2SSB 6502, Release of Mercury

This proviso funds implementation of Engrossed Second Substitute Senate Bill 6502 pertaining to Release of Mercury, and stipulates that the appropriation will lapse if the bill is not enacted. The Legislature did not pass the bill.

Section 302(39), page 190, Department of Ecology, ESSB 6308, Climate Change Research, Preparation, and Adaptation

This proviso funds implementation of Engrossed Substitute Senate Bill 6308, pertaining to Climate Change Research, Preparation, and Adaptation, and stipulates that the appropriation will lapse if the bill is not enacted. The Legislature did not pass the bill.

Section 307(31), pages 204-205, Department of Fish and Wildlife, E2SHB 3186, Beach Management Districts

I have vetoed the portion of Engrossed Second Substitute House Bill 3186 that places new requirements on state agencies for technical assistance, coordination, monitoring and assessment. Therefore, the funding is not needed.

Section 307(32), page 205, Department of Fish and Wildlife, Damage to Livestock by Wildlife

This proviso requires the Department of Fish and Wildlife to compensate commercial livestock owners for damage caused by wildlife. While I appreciate the financial needs of livestock owners, the Department has no statutory authority to provide this type of compensation.

Section 307(44), pages 206-207, Department of Fish and Wildlife, SSB 6307, Puget Sound Marine Managed Areas

This proviso funds implementation of Substitute Senate Bill 6307 pertaining to Puget Sound Marine Managed Areas. It stipulates that the appropriation will lapse if the bill is not enacted. The Legislature did not pass the bill.

Section 308(27), page 213, Department of Natural Resources, E2SHB 3186, Beach Management Districts

I have vetoed the portion of Engrossed Second Substitute House Bill 3186 that places new requirements on state agencies for technical assistance, coordination, monitoring and assessment so the funding is not needed.

Section 311(5), page 218, Puget Sound Partnership, SSB 6307, Puget Sound Marine Managed Areas

This proviso funds implementation of Substitute Senate Bill 6307 pertaining to Puget Sound Marine Managed Areas. It stipulates that the appropriation will lapse if the bill is not enacted. The Legislature did not pass the bill.

Section 501(2)(a)(x), pages 235-236, Superintendent of Public Instruction, E2SHB 2712 (Criminal Street Gangs)

Engrossed Second Substitute House Bill 2712 pertaining to criminal street gangs does not include provisions requiring the Office of the Superintendent of Public Instruction (OSPI) to create a brochure based on the recommendations of the task force on gangs. Therefore, OSPI does not need \$180,000 for development, translation, and printing of brochures.

Section 501(2)(c)(xvi), pages 239-240, Superintendent of Public Instruction, PSAT

This appropriation provides reimbursement to school districts for costs associated with offering the Preliminary Scholastic Aptitude Test (PSAT) to tenth grade students. While this test may provide students some information about their readiness for the SAT and college preparedness, it is a new approach that has not been tested in Washington. There are other efforts already under way, such as the mathematics college readiness assessment, which has shown promising results in Washington schools to influence students' course-taking decisions and preparedness for college-level work.

Section 501(2)(c)(xviii), page 240, Superintendent of Public Instruction, Dual Credit Workgroup

This proviso adds funding for the Office of Superintendent of Public Instruction (OSPI) to convene a multi-agency workgroup regarding statewide coordination of dual credit programs, such as Running Start and Advanced Placement. Because this is a fundamental responsibility of all agencies involved in dual credit programming, they do not require additional funding to conduct this planning and analysis. I am asking that OSPI, the State Board for Community and Technical Colleges, representatives from public four-year institutions of higher education, the Workforce Training and Education Coordinating Board, the Council of Presidents, and the Higher Education Coordinating Board work together, with input from local programs, to develop a statewide coordinated plan for dual credit programs.

Section 507(4), page 264, Superintendent of Public Instruction-- Educational Service Districts, Reading Improvement Specialist, pursuant to E2SSB 6673 (Student Learning Opportunities)

This proviso adds \$876,000 for reading improvement specialists at the Educational Service Districts. Reading was an early focus for school improvement efforts. A number of programs and services continue to focus on improving reading achievement, such as Reading First federal grants; Reading Corps; and district-focused activities with federal Title I, state Learning Assistance Program, and other sources. The Office of the Superintendent of Public Instruction also has used federal Title II funds to provide targeted professional development in reading instruction for secondary schools.

**Section 507(5), page 264, Superintendent of Public Instruction--
Educational Service Districts, Outreach to Community-Based
Organizations, pursuant to E2SSB 6673 (Student Learning Opportunities)**

This proviso appropriates funds to Educational Service Districts to develop and provide a program of outreach to community-based programs and organizations that are serving non-English speaking segments of the population, as well as those programs that target groups of students that are struggling academically. This idea should be considered within the context of the studies, funded in other parts of this budget and due this December, that will analyze and make recommendations on how to close the achievement gap.

**Section 511(46), page 285, Superintendent of Public Instruction--
Education Reform, Career Opportunities pursuant to E2SSB 6673
(student learning opportunities)**

This proviso appropriates funding for a grant program to school districts to provide summer school funding for middle and high school students to explore career opportunities in math, science, and technology. Similar programs are already offered by school districts, skills centers and private organizations. One exciting opportunity initiated in 2006 is the Washington Aerospace Scholars, a statewide partnership through the Washington Aerospace Scholars Foundation with The Museum of Flight, schools, and business partners. The program gives high school students the opportunity to participate in hands-on engineering activities, tour facilities at Boeing, the University of Washington, Microsoft and Battelle, receive mentoring from astronauts, pilots, engineers and scientists, and conduct a project on Mars exploration.

**Section 601(2), pages 296-297, Higher Education, Salary Increases at
Institutions of Higher Education**

There is a drafting error in this section, which could result in a policy change the Legislature did not consider.

Child Care for Students

**Section 605(14), page 309, State Board for Community and Technical
Colleges, and Section 613(9), page 343, Higher Education Coordinating
Board**

Substitute House Bill 2582 takes the first step toward the goal of expanding child care by laying out a new matching grant procedure and allowing student governments at each college to raise funds through private donations. However, expanding the combined two- and four-year programs from \$100,000 per year to \$1.1 million per year should be evaluated in the biennial budget process when it can be reviewed in context with existing child care programs.

**Section 605(23), page 311, State Board for Community and Technical
Colleges, Adult Literacy Education**

This proviso directs the State Board for Community and Technical Colleges to convene a one-day summit on adult literacy and to conduct a media campaign to inform citizens about the availability of adult literacy programs and services. The Board should consider making adult literacy a feature of its media campaigns and convening a summit to inform the public on the status of its adult literacy programs within existing appropriations.

Mental Health Staffing

Section 610(13), page 333, The Evergreen State College**

Section 611(10), page 338, Western Washington University

Last year, I asked each higher education institution what campus safety issues were most important to them. We learned from national experts' recommendations following the Virginia Tech shooting. We learned more following the tragedy at Northern Illinois. My budget proposal funded critical equipment and technology to warn students at all campuses.

Instead, these provisos fund one mental health counselor for each institution, regardless of size. The community and technical colleges, home to the majority of our higher education enrollment, is excluded entirely. If an institution determines that a mental health counselor is the best investment for the institution, it can direct its own resources to this program. As part of their work pursuant to Second Substitute House Bill 2507 and Substitute Senate Bill 6328, I ask each four-year institution and the State Board for Community and Technical Colleges to develop prioritized lists of possible investments and any legislation required to make student safety a priority in the 2009 Session.

Section 606(24), page 319, University of Washington, Biota Impacts from Low Dissolved Oxygen in Hood Canal

Since 2003, Congressman Norm Dicks has sounded the alarm about the health of Hood Canal, securing federal funding to study the low dissolved oxygen content in Hood Canal. This allowed the University of Washington (UW) to create the Hood Canal Dissolved Oxygen program, which investigates the causes of the problem and, along with the Puget Sound Partnership, attempts to find a solution. Given the extensive work under way by the Partnership and the UW, we need to ensure that all funding for this problem works together, and that we do not duplicate efforts.

Section 610(18), page 334, The Evergreen State College, Examine Data Gathered Through Sex Offender Address Verification Activities

The Washington Association of Sheriffs and Police Chiefs (WASPC) is overseeing a program to verify the address and residency of all registered sex offenders and kidnapping offenders. As part of this program, WASPC will collect performance data from all participating jurisdictions to evaluate the efficiency and effectiveness of the address and residency verification program. In addition, the Institute for Public Policy at The Evergreen State College was tasked with assessing the prevalence of sex offenders who register as homeless as a means to avoid disclosing their residence. This analysis can be completed by WASPC in its administration of the program and assessment of its effectiveness.

Section 612(8), page 340, Higher Education Coordinating Board, E2SHB 2783 (Education Transfer Articulation)

Engrossed Second Substitute House Bill 2783 creates work groups and outlines tasks to improve student credit transferability among community and technical colleges and four-year institutions of higher education. While this focuses on the right problems, efforts already exist at the Higher Education Coordinating Board (HECB) and State Board for Community and Technical Colleges (SBCTC) in this area. I am asking the agencies to continue their work to develop ways to inform students, in clear language, about the transfer process and to address barriers to student transfers, especially for those transferring from technical programs or career schools. I also ask the HECB, SBCTC, and Washington Student Lobby to present proposals on transfer issues to the P-20 Council. Finally, I also want the HECB and SBCTC to refine and combine their plans for a web-based advising system.

Section 612(9), page 340, Higher Education Coordinating Board, Prior Learning Work Group

A barrier to the smooth transition from work to post-secondary education and training is how institutions evaluate and give credit for prior learning. The Higher Education Coordinating Board, State Board for Community and Technical Colleges, and Workforce Training and Education Coordinating Board have been working on this issue for years, and the State Board's prior learning assessment guidelines for colleges are an outgrowth of that work. I want these three agencies to continue working to ensure that prior learning is evaluated and utilized effectively at each campus, in each sector within existing resources.

Section 906, page 376, Washington State Gambling Commission, Gambling Revolving Fund

This section directs both the Gambling Commission and Office of Financial Management to address cash flow issues pursuant to RCW 43.88.050. However, the correct statutory reference is 43.88.260(2)(b).

Thoughtful choices and fiscal discipline are the keys to delivering what is most important to Washington's citizens. Saving money now will help Washington's students, families and seniors count on these investments being there for them in the future. A top priority for this budget must be maintaining a significant reserve. While the budget passed by the Legislature already left a notably high reserve of \$835 million, I have identified a number of items that, although valuable, are not essential to do right now. These are instances where there are additions to existing programs or new programs that are started that we may not be able to sustain. Vetoing these items now will help build an even bigger reserve, and has an important impact on future budgets. That is why I am vetoing:
